### Magical Ace

#### The Trick:

A card is chosen and placed on top of the deck. Cut the cards, and place the deck of cards face down on the table. Spread the deck out revealing one card face up, an A♠. Explain that this is a magical card and will find the chosen card. Turn over the card below the A♠ card, this is their card.

#### The Secret:

To prepare the deck you must first place the A♠ face up on the bottom of the deck.

#### Points to remember:

When you fan the deck to have the card chosen, ensure nobody sees the A♠ is face up. To be sure of this, keep the last few cards in your hand fairly close together.
